

REMARKS

Claims 1-11 have been examined.

Applicant thanks the Examiner for the allowance of claims 1-10.

Claim 11 has been rejected under 35 USC 101 as being directed to non-statutory subject matter. Claim 11 has also been rejected under 35 USC 112, first paragraph, as failing to comply with the enablement requirement. The specification has been objected to as failing to provide proper antecedent basis for the subject matter of claim 11.

Applicant does not concede the validity of the rejections and objection. However, in order to advance prosecution, Applicant has canceled claim 11. These rejections and objection are therefore rendered moot.

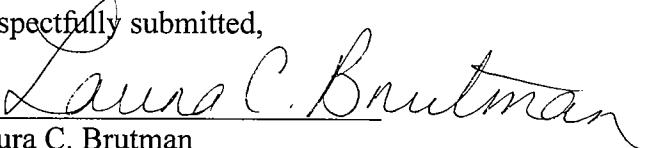

Applicant has made minor editorial amendments to claims 1-10.

With no rejections or objections remaining, Applicant believes the pending application is in condition for allowance. Issuance of a Notice of Allowance is therefore respectfully requested.

In the event a fee is required or if any additional fee during the prosecution of this application is not paid, the Patent Office is authorized to charge the underpayment to Deposit Account No. 50-2215.

Dated: July 7, 2008

Respectfully submitted,
